Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### 89 B2600i

89 Mazda b2600i 4x4 know the transfer case works but no idea about the front vacuum axle. Needs a new head, ead gasket and timing chain at a minimum. Yes it will stat and run but can hear the gas escape through the coolant over flow when starting. Have had a few years been a good little truck.

In 1989, the B2600 had an italicized "i" added to the badging (B2600i) to distinguish between the Mitsubishi engine and the new fuel-injected Mazda G6 engine. The B2600i was also available in the two wheel drive version. All B2600i models were factory equipped with a hood that has a distinct center bulge, commonly referred to as a "bubble hood."
