More. *Deliberative Democracy and Beyond* takes a critical tour through recent democratic theory, beginning with the deliberative turn that occurred around 1990. The essence of this turn is that democratic legitimacy is to be found in authentic deliberation among those affected by a collective decision. While the deliberative turn was initially a challenge to established institutions and models of democracy, it was soon assimilated by these same institutions and models.

Liberal democracy is a liberal political ideology and a form of government in which representative democracy operates under the principles of classical liberalism. Also referred to as Western democracy, it is characterised by elections between multiple distinct political parties, a separation of powers into different branches of government, the rule of law in everyday life as part of an open ...
