The story follows fifteen-year-old Alex Taylor as he is swept away on an incredible adventure to a faraway land filled with heroic warriors, mysterious elves, and hard-worked dwarves.

The Winds of Winter is the forthcoming sixth novel in the epic fantasy series A Song of Ice and Fire by George R.R. Martin. The previous installment, A Dance with Dragons, covered less story than Martin intended, omitting at least one planned large battle sequence and leaving several character threads ending in cliffhangers.

This book is almost like the prequel to the Wanted Series, but I would suggest reading it after book 3 to get the full effect and understand what is going on. This book follows Gunner, Jeff and Josh a few months before the first book "Wanted". It shows the carefree life they had before they met "the ones" and how they were ready for them.

Jacob has no money to pay the dowry for a wife, and so he ends up working for Laban, his father-in-law, for 14 years ...
