The Waylighter low level emergency lighting system is the ultimate solution for egress emergency lighting. Waylighter provides a concealed - vandal resistant - LED emergency light that projects uniform illumination along the egress corridor, achieving spacings of up to 50 feet on center. At just 18" above the floor, Waylighter continues to provide egress illumination even in heavy smoke conditions and eliminates the distracting glare and light blockage problems associated with ...

Aperion™ by Evenlite is everything you look for in an emergency light and less! Concealed, recessed, and folded into a housing that's surprisingly compact, there's little to notice about Aperion™ besides the way it blends into its environment. That's the beauty of it. But when it comes to the how and why of specifying Aperion™, there's a lot to notice and appreciate.
