Her Summer with the Marine is the 1st book in the Donovan Brothers Series and was enjoyable. I really liked both Ellie and Finn and the relationship that they had together but the thing I found the most interesting was the very different way that they viewed their past.

Her Summer With The Marine (2014) About book: I don't know where I've heard it, I'm not even sure of the complete story, but I remember one day, decades ago when I was in high school, about a guy talking about his dead girlfriend with whom he'd been rivals at school.
