Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Integration And Disintegration In European

The disintegration of the EU is unpredictable—so is integration, yet more studied—but this should not temper the efforts towards theorizing it. In fact, the work developed to date provides valuable insights into how (and how not to) the scholarship may explain disintegration (Webber, 2014; Vollaard, 2018; Jones, 2018).

European Disintegration: What is it? - forward-looking ...

Historically, there are several examples of disintegration - tentatively conceived as withdrawal from (some form of) membership - that have occurred throughout the history of European integration: Algeria (1962), Greenland (1985) and Saint Barthélemy (2012) have departed from the European Community/Union.

(PDF) Differentiated integration and disintegration in the ...

In European integration study, this is known as 'spillover' — one form of integration leading to or even requiring another. In the case of Europe, that was deliberate. The project began with integration of the coal and steel industries in six European states, with the key states being France and Germany.

Prospects for integration and disintegration in the world

The crisis of the European Union (EU) is multifaceted and has visibly deepened during the last year. The most visible symptom of the EU integration crisis has been the British referendum on EU membership. This is, however, not the only indicator of disintegrative tendencies and increasing contestation of EU policies.
