Some of the best no-load mutual fund companies include Vanguard Investments, Fidelity, and T. Rowe Price.

Beginners Guide to Choosing Mutual Funds

Mutual funds are a pot of money contributed by different investors and are managed by an individual or group. Funds and other investment instruments are divided into shares. Shares are a portion of the fund itself.

Beginner's Guide to Investing in Mutual Funds

In my opinion, this is not a book for dummies. This is a book for ordinary people, like me, who want to know the basics on mutual funds and other similar investments. One thing I liked about this book is that it hits the sweet spot: it's not too simplistic or too complicated which can make other investment books useless.

Amazon.com: Customer reviews: Mutual Funds For Dummies

Like all funds, a mutual fund represents a collection of securities. You, as the investor, pay the mutual fund company a yearly fee and sometimes a sales charge (called a load) to buy the fund. In exchange for your money, the mutual fund company offers you an instant portfolio with professional management. Most mutual funds are open-end funds.
