The D50 was my third DSLR after two Canons...a 10D and a 300D. I got this Nikon D50 and immediately liked it better than the Canons. So much so that I've already upgraded to a D70s, sold it and upgraded again to the D80. Now I'm looking for a good deal on the D300. But, back to the D50 Field manual (which I sold with the D50).

About This Manual The topics in this manual are arranged in order from easy to advanced. These chapters cover all you need to know for simple, "point-and-shoot" photography Read these chapters for a complete description of all aspects of camera operation Introduction (pages 1-13) Learn the names of camera parts and ready the camera for use.

### **DIGITAL CAMERA - cdn-10.nikon-cdn.com**

The Nikon D50 Digital Field Guide is definitely not intended for the advanced photographer. The how-to sections are best suited for novice and intermediate photographers who need some ideas and tips. Very advanced photographers won't be looking for definitive photography tutorials in a 250-page field guide, I would guess.

Just bought the nikon d3300 and the only camera I've ever used was on my phone. I was in over my head with this camera. After reading your post I feel so much more confident. I've taken about 500 photos in the last 2 days using manual mode and understanding exposure compensation, aperture, and shutter speed. ISO is in auto for now.
