There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day.

The Making Of Second Life

The Making of Second Life is the behind-the-scenes story of the Web 2.0 revolution's most improbable enterprise: the creation of a virtual 3-D world with its own industries, culture, and social systems. Now the toast of the Internet economy, and the subject of countless news articles, profiles, and television shows, Second Life is usually known for the wealth of real-world companies (Reuters, Pontiac, IBM) that have created "virtual offices" within it, and the number of users ("avatars") who ...
