A practitioners reflection can serve as s corrective to overlearning. Through reflection, he can surface and criticize the tacit understandings that have grown up around the repetitive experiences of a specialized practice, and can make new sense of the situations of uncertainty or uniqueness which he may allow himself to practice. (61)

Part of the project of becoming a fully reflective practitioner is to develop a professional identity in which there can be an appropriate blending of personal beliefs and value systems and corporate and wider directives.

Reflective practice: why reflect?

Donald Schön 's 1983 book The Reflective Practitioner introduced concepts such as reflection-on-action and reflection-in-action which explain how professionals meet the challenges of their work with a kind of improvisation that is improved through practice. However, the concepts underlying reflective practice are much older.
